FOIL REQUEST - URGENT

To: Dr. R. Brotz, Psychologist and FOIL Officer; SOCTP Program, Collins CF,
Middle Road, PO Box 490, Collins, NY 14034-0490
From: Sanjay Tripathy; 18R1673, Collins CF, PO Box 340, Collins, NY 14034-0340
Date: Friday, March 11th, 2022
Subject: FOIL - SOCTP Materials[Program]

I would like to FOIL the following SOCTP program materials. Please advise how many pages [#s] so I can send in the disbursement [Payment] for the copies.

1. SOCTP Clinical Record: Please refer to Page 28-29 [SOCTP Guidelines Feb 2016] - "ACCESS TO CLINICAL RECORD" pursuant to the procedure in the Health Services Policy Manual [HPSM] 4.10; II DESCRIPTION II.A. Definition - The SOCTP Clinical Record is a Health Record.; III TYPES OF REQUESTS III.A.2. Inmate Requests ...inmate to view and/or obtain a copy of their Clinical Record must be made in writing to senior treatment provider (Psychologist..) at the treatment site.

Request: Under FOIL I would like to view/obtain any/all of my SOCTP Clinical Record.

2. SOCTP Curriculum: Full curriculum [including but not limited to] Instructions, guidelines, methodology, rubric, examples etc. for filling out and completing monthly evaluations [Attachment 11 and 12 in the SOCTP Guidelines Feb 2016] to understand the process in detail.

Request: I need all material/documents for these monthly evaluations.

3. SOCTP Manual/Curriculum for Instructors/Staff: Need full copy.

Request your answer in detail including [but not limited to] pages [#s], materials, reasons [specific for denial if any]. My reasons for the FOIL are both educational and legal so as to ensure that I have a good understanding of the material, so I can benefit from it and also ensure that my monthly evals are based on facts [that are documented and provable] and not just someone's opinion [for which there is no scientific or factual basis].

As you may be aware I am being moved to Level-2 [Moderate-Risk] starting Monday March 14th, 2022 despite my strong objections, that the determination is unlawful, arbitrary and capricious, and abuse of discretion, based on made-up and unapproved criteria, reliance on wrong facts and just someone's opinion, that will cause irreparable harm [to me and my interests] and I do not have a choice [am being forced] despite my Static99R scores [1 which per DOCSS manual only entail the low-risk program]. From: Sanjay Tripathy (Petitioner); 18R1673, Collins CF, PO Box 340, Collins,

Date: Monday, January 10th, 2022

Subject: Document/Information Request (FOIA/FOIL) - Urgent/Time Sensitive

Petitioner ("Sanjay Tripathy") requests the following information/documents in your agencies possession/knowledge under the United States Freedom of Information Act (FOIA), the Privacy Act of 1974, and the New York State Freedom of Information Law (FOIL). This request is urgent and time sensitive, thus Petitioner requests your immediate attention. By law, you are required to provide a timely and comprehensive response. As petitioner is currently incarcerated, he has no access to online/electronic information or any such means to access, search or communicate with, thus it is required that information/documents only be provided via physical ("paper") methods. Petitioner seeks such information/documents to legally fight either his illegal/unconstitutional incarceration and such unconstitutional acts perpetrated by Governments and its Actors under the Color of Law.

Background: Materials/Documents/Information to your Sex Offender Program (SOTP/SOCTP/or other names) under which participants are determined to be in low risk/moderate risk/high risk (duration/length of program) program related to how much time they need to spend undergoing the program. Request related to assessments and tools used (e.g. Static99R/CBRI other tools) to identify placement and also any assessments/tools used to determine any overrides (e.g. based on Static99R score of 1 and thus they need the low risk program, but now they are recommended the moderate risk program).

Request: Any/every approved memos/guidelines/policies and procedures that are used/in place for such overrides (as described above) not limited to factors, criteria, clinical determination (including how these overrides are done? who does them? why are they done? who reviews and approves them? and what is the scientific basis for these overrides including upward/downward recommendations? any appeals process to challenge these overrides);

This information is urgent and time sensitive and thus petitioner requests your early attention. Petitioner is willing/able to pay for these documents/information as soon as he gets your detailed response. Thank you for your help.
